HMS Income Fund Announces New Lower Middle Market Investment

Co-investment highlights relationship with Main Street Capital Corporation

HOUSTON - June 3, 2014 - HMS Income Fund, Inc. (HMS), a non-listed business development company sponsored by Hines Interests Limited Partnership (Hines), today announced a lower middle market investment in Datacom, L.L.C. ("Datacom"). The HMS investment is part of a \$19.2 million investment led by Main Street Capital Corporation (NYSE: MAIN) ("Main Street"), parent company of the sub-adviser to HMS. The investment in Datacom includes first-lien, senior secured term debt and a direct equity investment. HMS invested approximately \$1.9 million of the total, a portion of which represents a direct equity investment. In addition, HMS and Main Street are providing Datacom an undrawn revolving line of credit to support its future working capital needs and a commitment for additional term loans to support its future growth opportunities. The investment was completed in partnership with Datacom's management team, which retained majority equity ownership of Datacom, as the company enters into its next phase of growth.

Headquartered in Lafayette, Louisiana, and founded in 2002, Datacom is a leading Gulf Coast region provider of communication and data transfer technology solutions primarily to the oil & gas exploration and production and marine industries. Datacom operates through several subsidiaries and under several trade names in addition to Datacom, including Global Technology Group, Blackhawk Security Solutions and Raven Research and Development.
